19 June 2020
Version 1.00

Title word cross-reference

2×2 [39, 2, 10]. o [51].

1 [68, 145].

2 [146]. **2331** [107].

38 [39, 107].

4269 [39].

accommodate [114]. **accuracy** [36, 45]. **acquisition** [114]. **across** [77].
Adaptive [76, 9, 45, 138, 89, 33]. **Adding** [103]. **addressing** [35]. **Adjusted**
[105, 72, 62, 70]. **adjustment** [145, 146, 132]. **administered** [24]. **adults**
[71]. **advanced** [146]. **Adverse** [70, 93, 99]. **after** [137]. **aggregate** [77].

aggregated [5]. aggregation [98]. agreement [130, 54, 24]. **ALERT** [79]. algorithm [79]. allocation [64]. alternative [39, 2, 10]. analyses [16, 22, 71]. Analysis [97, 46, 17, 103, 4, 122, 60, 96, 34, 59, 84, 135, 86, 140, 35, 28, 48, 41, 115, 33, 3, 15, 31, 113]. analytic [131, 77]. application [20, 4, 114, 67]. Applications [82, 123, 51, 81, 115]. approach [87, 106, 18, 4, 90, 12, 135, 104, 41]. approaches [61, 35]. approximate [14]. area [102]. ascertained [41]. ask [9]. Assessing [48, 24, 36]. Assessment [44, 117]. Association [32, 131, 88]. assumption [91]. assumptions [112]. auxiliary [31].

BAREB [141]. based [58, 139, 18, 4, 125, 136, 100, 80, 41, 7, 55, 49]. baseline [132]. Basic [145]. Bayesian [18, 94, 87, 117, 118, 90, 141, 77, 47, 69, 48, 33, 55]. between [130, 140]. Bias [35, 122, 86, 48]. biases [131]. biclustering [141]. binary [94, 27, 17, 101, 54, 35, 24]. binomial [28, 132]. biobanks [58]. biomarker [116]. biomarkers [65, 67]. bivariate [114]. Blinded [132]. bootstrap [115, 142]. breath [67]. broad [130]. burden [5].

calculations [124]. calibration [21, 142]. Cancer [53, 125, 5, 71, 49, 67]. cancers [49]. capacity [92]. cardioverter [78]. Carlo [118]. case [109, 7]. case-control [109, 7]. categorical [25]. Causal [19, 74, 35, 98, 42, 83]. censored [68, 130, 127, 85]. censoring [12, 36]. chain [118]. chained [80]. challenges [58]. change [100, 81]. change-point [100, 81]. changepoint [8]. characteristic [102]. charting [62]. chronobiology [23]. class [18]. classes [19, 77]. classical [83]. clinical [144, 27, 17, 76, 90, 26, 9, 69, 104, 115, 38]. cluster [97, 124, 60, 101, 34]. clustered [27, 129, 32]. clustering [4]. cohort [103, 124, 34]. Combining [5]. combo [99]. commensurate [33]. Comments [39, 9, 10]. common [113]. commonly [54]. Comparing [94, 123]. comparison [80, 43, 116]. comparisons [30]. competing [11, 37, 32, 83]. complex [19, 146, 7, 89]. component [70]. composite [46]. computing [82]. conditional [138]. conduct [140]. Confidence [134, 8]. confounding [73, 30]. connectivity [119]. consecutive [75]. consider [44]. considerations [34]. constrained [13]. constraints [82]. Constructing [85]. contingency [39, 2, 10]. continual [64]. continuous [118, 130, 121, 136, 74]. contrast [57]. control [109, 95, 69, 30, 7]. controls [97]. copula [41]. copula-based [41]. Correction [18, 107, 126]. correlated [116]. correlation [34]. cost [103, 84]. cost-effectiveness [103]. count [87]. counts [97]. covariate [8, 106, 100]. covariate-treatment [8]. covariates [11, 29, 122, 140, 92, 120]. coverage [142]. Cox [51, 100, 105]. Coxian [49]. Crohn [123]. cross [31]. cross-sectional [31]. cumulative [62, 91, 37]. cure [53]. current [114]. curves [75, 102, 116]. cystic [56].

data [82, 13, 79, 75, 87, 143, 117, 27, 17, 20, 112, 106, 102, 4, 19, 51, 125, 141, 74, 5, 44, 77, 127, 140, 69, 129, 35, 128, 37, 81, 114, 115, 70, 116, 85, 120].

death [136]. decay [34]. decision [103]. defibrillators [78]. delayed [53]. dengue [139]. dependent [122, 37]. Design [88, 34, 136, 1, 107, 53]. designs [97, 138, 33, 45]. detect [99]. detecting [104]. detection [68, 79, 139, 62, 121]. diabetes [81]. diagnostic [45]. dialysis [93]. dichotomous [96]. dietary [4]. difference [16]. diffusion [78]. dimensional [25, 51]. disclosure [82]. discrete [87]. disease [79, 20, 123, 136, 84, 56, 52]. disparities [5]. distributed [82]. distribution [87]. distributions [115]. document [145, 146]. dose [26, 57]. dose-finding [26]. dose-response [57]. Doubly [125]. drug [70, 99]. drug-drug [70]. during [139]. Dynamic [56, 119, 85].

Early [139]. Ecological [20, 44]. Editorial [40]. effect [22, 106, 78, 140, 42, 21, 53]. effectiveness [103]. effects [94, 13, 87, 112, 109, 100, 44, 73, 137, 108, 113]. efficiency [88]. efficient [92]. EHR [18]. EHR-based [18]. electronic [131, 58, 99]. emanating [87]. emerging [58]. empirical [82, 43]. end [28]. endpoint [69]. endpoints [46, 65]. environment [59, 47, 7]. environmental [109]. epidemiology [145, 146]. equation [19]. equations [80, 128]. era [99]. error [145, 95, 146]. errors [86]. estimands [83]. estimate [68, 128]. estimates [109]. Estimating [112, 37, 21, 119, 19, 128]. Estimation [16, 108, 110, 118, 130, 8, 106, 102, 101, 42, 129, 30, 35, 52]. estimators [68, 54]. Evaluating [79]. evaluation [61, 138]. Event [70, 110, 51, 69, 48, 3]. events [93, 22, 83, 99]. Exact [22, 54, 28, 73]. examine [140]. Existing [58]. Exploiting [7]. Exploratory [65]. exploring [131]. exposure [109]. Extending [133, 44].

facilities [93]. factor [14]. factors [42]. failure [122, 83]. failure-time [83]. fair [80]. familywise [95]. FDA [70]. feature [15]. fibrosis [56]. finding [26]. Fine [11]. Flexible [135, 30, 41, 137]. follow [3]. follow-up [3]. following [108]. frailty [114]. framework [131, 19, 83]. free [92, 3]. fully [90]. functional [72, 119]. functional-model-adjusted [72]. functions [105, 37]. fusion [74].

gene [59, 47, 7]. gene-environment [59, 47, 7]. general [114]. Generalized [57, 128, 81]. genetic [88]. genome [131, 117]. graphical [14]. Gray [11]. Group [116, 138]. guidance [145, 146]. guide [111]. GWAS [55].

haplotype [7]. haplotype-based [7]. hazard [11, 118]. health [131, 58, 42, 99]. heterogeneity [114]. heterogeneous [129]. hidden [120]. hierarchical [77, 104, 55]. High [25, 51, 73]. High-dimensional [25, 51]. highly [87]. historical [69]. HIV [68, 137]. HIV-1 [68]. homogeneity [115]. hospital [78]. Human [84, 81].

I-II [136]. Identification [29, 65]. identified [49]. identifying [90]. II [136].

imaging [119]. **Imbalanced** [144]. **immunodeficiency** [81].
immunotherapy [53]. **impact** [109]. **implantable** [78]. **implications** [17].
Improving [64, 142]. **imputation** [80]. **incidence** [37, 71]. **incidences**
[139]. **Incorporating** [26, 52]. **independence** [7]. **index** [92]. **indicators**
[94]. **indifferent** [1, 107]. **Individual** [140, 82, 101, 5, 114]. **Individualized**
[75]. **infections** [114]. **infectious** [79, 20]. **inference**
[117, 118, 20, 22, 19, 125, 23, 98, 35]. **inferences** [82, 133, 7]. **inflated** [87].
information [111, 106]. **integer** [66]. **integer-valued** [66]. **Integrating**
[14]. **Interaction** [113, 8, 12, 70]. **interactions** [59, 47, 140, 99]. **interim**
[33]. **intermittent** [122]. **interruption** [137]. **interval** [8, 54, 127].
interval-censored [127]. **intervals** [142]. **intervention** [4, 21]. **investigate**
[5]. **IPD** [82, 82]. **Italy** [5]. **item** [94].

J [39]. **Joint** [27]. **jump** [118].

Kaplan [68]. **Kappa** [129].

l [51]. **labor** [75]. **landscape** [58]. **lasso** [89]. **latent** [94, 18, 19]. **left** [37].
left-truncation [37]. **level** [106, 74, 140]. **leveraging** [69]. **life** [115].
likelihood [105]. **limit** [68]. **linear** [134, 118, 63, 89]. **link** [91]. **linked** [58].
load [137]. **local** [79]. **log** [118, 91]. **log-hazard** [118]. **logistic** [94, 67]. **logit**
[128]. **longitudinal** [13, 87, 124, 12, 15, 120]. **lung** [67].

Macaskill [107]. **magnetic** [119]. **main** [113]. **marginal** [30]. **Markov**
[118, 103, 49, 120]. **massive** [51]. **matching** [110, 135]. **mean** [16, 86].
measurement [122, 145, 146]. **measurements** [24]. **measures** [54, 86, 32].
mechanistic [12]. **mediation** [96]. **mediators** [96]. **Medicine** [39, 107].
Meier [68]. **Mendelian** [63]. **meta** [16, 22, 123, 77, 140]. **meta-analyses**
[16, 22]. **meta-analysis** [140]. **meta-analytic** [77]. **meta-regression** [123].
method [59, 64, 48, 24]. **Methods** [81, 60, 145, 74, 77, 146, 30, 80, 71].
mining [70]. **misclassification** [145, 146, 35]. **Missing** [17, 112, 29, 120].
missingness [111, 35]. **misspecification** [113]. **mistakes** [113]. **Mitigating**
[122]. **mixed** [134, 13, 87, 86, 44, 137, 89]. **mixed-effects** [13, 44]. **mixture**
[13, 90, 70]. **mobility** [109]. **model** [72, 94, 11, 13, 117, 118, 22, 103, 4, 90,
100, 141, 86, 44, 105, 66, 127, 91, 128, 114, 137, 70, 89, 71]. **model-based** [4].
Modeling [75, 78, 49, 139, 27, 103, 77]. **Modelling** [117]. **models**
[134, 119, 14, 6, 63, 81, 43, 120]. **modification** [78, 9]. **Modified** [119, 64].
Momentary [44]. **monitor** [56]. **monitoring** [136]. **monotone** [105].
Monte [118]. **motivating** [68]. **multiarm** [76]. **multiarmed** [38].
multigroup [115]. **Multikernel** [89]. **multiparameter** [127]. **multiple**
[94, 25, 96, 57, 28, 80, 114, 24, 108, 3]. **multistage** [76]. **Multistate** [6, 31].
multivariate [94, 4, 66].

Negative [97, 132]. **neighborhood** [42]. **Network** [123, 84, 78, 48]. **noise**

[103]. **noisy** [35]. **noncompliance** [90]. **nonignorable** [112, 120]. **nonindependent** [36]. **noninformative** [12]. **nonlinear** [137]. **Nonparametric** [130]. **nonrare** [96]. **normal** [65]. **nosocomial** [117]. **Note** [50, 86]. **Novel** [60, 118, 43].

observation [131]. **observational** [145, 98, 146]. **observations** [129]. **only** [82]. **onset** [79]. **open** [124]. **operating** [102]. **opportunities** [58]. **optimal** [29]. **Optimising** [1, 107]. **Optimized** [143]. **Optimizing** [33]. **Order** [23]. **ordered** [46, 25, 96, 128]. **ordering** [102]. **Ordinal** [91, 130, 123, 102]. **original** [82]. **orthogonality** [86]. **outbreak** [79, 139]. **outcome** [96, 74]. **outcomes** [110, 130, 123, 101, 26, 42, 35, 91, 115, 52]. **overdetection** [49].

P [107]. **paired** [24]. **panel** [128]. **parameters** [86, 85]. **parametric** [80, 142]. **part** [120, 145, 146]. **participant** [140]. **participant-level** [140]. **participants** [1, 107]. **pathogens** [117]. **pathway** [55]. **pathway-based** [55]. **patient** [26]. **patient-reported** [26]. **pattern** [111, 4]. **peer** [78]. **performance** [138]. **periodic** [136]. **periodontal** [141]. **person** [82]. **phase** [136, 49]. **phase-type** [49]. **phenome** [131]. **phenome-wide** [131]. **phenotype** [89]. **phenotypes** [41]. **phenotyping** [18]. **piecewise** [118]. **planning** [140]. **point** [100, 81]. **points** [28]. **polypharmacy** [99]. **population** [133, 106, 109, 125, 7, 49]. **population-based** [125, 7, 49]. **population-level** [106]. **populations** [30]. **positive** [116]. **postmarketing** [61]. **potential** [58]. **power** [17, 124, 73]. **practical** [111]. **prediction** [134, 75, 89, 67]. **predictive** [65, 56, 36, 116]. **predictors** [25]. **preferences** [1, 107]. **pregnancies** [75]. **pregnancy** [75]. **Prescott** [39]. **presence** [8, 29, 129]. **prevalence** [52]. **previous** [75]. **primer** [95]. **prior** [48, 55]. **priors** [121]. **probabilistic** [48]. **probabilities** [56, 142]. **probability** [91]. **procedure** [125]. **procedures** [62]. **process** [131, 49]. **Profiling** [93, 94]. **prognostic** [98]. **progression** [75, 56]. **Propensity** [111, 70, 110, 135]. **propensity-score** [110]. **proportional** [115]. **proportionality** [91]. **provider** [94]. **published** [98]. **Publisher** [50].

qualitative [8]. **quality** [115]. **quantifying** [92]. **quantile** [6]. **Quicker** [62].

random [94, 22]. **random-effect** [22]. **randomised** [1, 107]. **Randomization** [38, 144, 63]. **randomized** [17, 133, 97, 124, 60, 101, 65, 34, 38]. **rapid** [56]. **rare** [22, 59]. **rate** [95, 48, 53]. **raters** [24]. **ratio** [125, 48]. **reassessment** [64]. **rebound** [137]. **recalculation** [138]. **receiver** [102]. **recommendations** [140]. **records** [131, 58, 99]. **Recovery** [82]. **recurrent** [93, 3]. **recurrent-event-free** [3]. **reduction** [68]. **reestimation** [132]. **regimen** [29]. **regimes** [85]. **registry** [125]. **Regression** [3, 94, 11, 6, 123, 25, 51, 100, 135, 105, 127, 132, 67]. **regressions** [36]. **regulatory** [90]. **relationship** [135]. **relationships** [77]. **relative** [125]. **repeated** [75, 143, 86, 24]. **replacement** [110]. **reported**
