The text appears to be a list of program names or references, possibly related to computer science or software development, without clear context or structure. It includes years and references to various sources, likely indicating different versions or releases of software or programs.

Example entries include:
- 77 \Programmen [EMR93], 77-programs [EMR93], 77/386 [CSS90b, CSS91, Zei92], 77/90 [Bro92a, Bro92b], 778 [ZBLN97], 779 [Mac98], 77D [Cho92, CFH+93], 77to90 [Pre93b], 77toHPF [Van94b].
- 779 [Mac98], 77D [Cho92, CFH+93], 77to90 [Pre93b], 77toHPF [Van94b].
- 77/90 [Bro92a, Bro92b], 778 [ZBLN97], 779 [Mac98], 77D [Cho92, CFH+93], 77to90 [Pre93b], 77toHPF [Van94b].

The text is densely packed with references, making it challenging to extract meaningful information without further context. It seems to be a catalog or list of program names or releases, possibly for historical or technical reference.
