[Le 58] Jean Le Rond d’Alembert. *Traité de dynamique, dans lequel les loix de l'équilibre and du mouvement des corps sont réduits au plus petit nombre possible, and démontrées d'une manière nouvelle, and où l'on donne un principe général pour trouver le mouvement de plusieurs*
corps qui agissent les uns sur les autres d’une maniere quelconque. (French) [Treatise on dynamics, in which the laws of balance and the movement of the body are reduced to the smallest number possible, and demonstrated in a new way, and where we give a general principle to find the motion of several bodies which act on each other in any way].
